

April 13th, 2021

Dear Parents,

We recently became aware of three students at St. Philip High School who have tested positive for COVID-19. We were informed on Monday, April 12th that the students' tests came back positive. We are responsible for informing all staff and school parents who are considered "close contacts" by the CDC guidelines, the Calhoun County Public Health Department, and the Diocese of Kalamazoo.

These three cases did not originate in our building. If your student is required to quarantine, you will be notified. We want to protect the confidentiality of these students and request you do the same.

At this time, it is our role to tell all the families of St. Philip High School that we are moving forward under the guidance of the Calhoun County Public Health Department and that all measures have been taken to protect the well-being of our students/your child(ren).

Please monitor for onset of symptoms related to COVID-19, including cough, shortness of breath, fever (temperature > 100.4 °F), chills, repeated shaking with chills, muscle pain, headache, sore throat, or new loss of taste or smell. If you note any change in the health of your child, please contact your regular medical provider.

We want to assure our families and school community that our staff has followed the comprehensive guidelines related to cleaning and screening students set forth by the Michigan Return to School Roadmap, Calhoun County Public Health Department and the Diocese of Kalamazoo.

The students were not showing symptoms while at school and will only return to school when released by the health department. Per our conversations with the health department, there is a very low risk that students have been exposed.

Our maintenance team and staff continue to be vigilant in disinfecting in between classes. In addition, frequently touched areas are disinfected regularly throughout the day.

If you have any specific questions or concerns, please contact me directly. You may find information on our Back to School Plan on our website at www.bcacs.org. Let us join together in praying for the healing of this student.

Sincerely,

Vicky Groat, Principal
